

Acrylic Resin

CARE

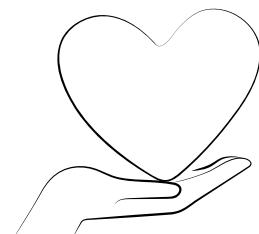

HOW TO BEST CARE FOR ACRYLIC RESIN

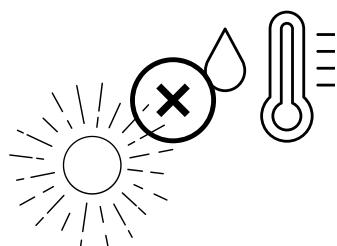

Wipe clean with a non-abrasive cloth and dry thoroughly

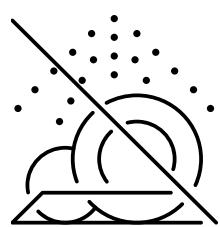

Avoid harsh chemicals, oils, cosmetics and prolonged exposure to strong contaminants like wine and coffee

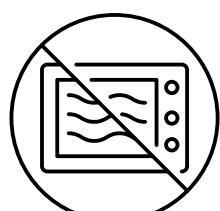

Handle with care, avoid dropping as products may chip, scratch or break

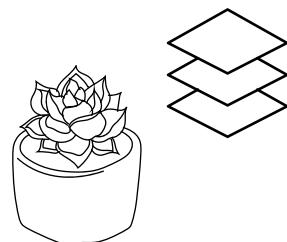

Store in a cool dry place, away from direct sunlight and extreme temperatures

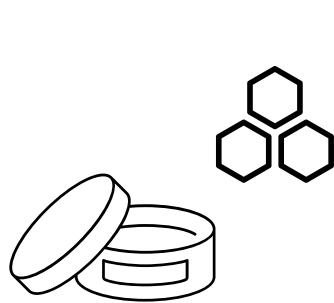

Not dishwasher safe

Not microwave safe

When using as planter pots opt for liners to prolong durability

PRO TIP:

Buff a thin layer of furniture wax onto the surface using circular motions to re-seal and add shine, opt for a beeswax sealer such as 'Howard Wax-It-All' for products that come into contact with food
